Reef Fishing

Cast a line in serene waters lapping inside the reef for light tackle fishing. A mere mile from the coast at its closest and 19 miles at its farthest, this aquatic haven in Southern and Northern Belize promises diverse fishing for anglers. Engage in a thrilling battle with snappers, kingfish, and barracuda, luring them with poppers, swimbaits, live sardines, chunk baiting, or vertical jigging.

Fly Fishing

The waters of Belize are among the greatest in the world for salt water fly fishing. The second-largest reef system in the world, behind Australia's Great Barrier Reef, a barrier reef that extends the length of the nation shields the nation's coastline. Belize is a bone fishing paradise with a tropical environment, minimal seasonal temperature variation, and a seemingly endless stretch of flats covering the length of the nation.

Actun Tunichil Muknal

"ATM"

Immerse yourself in the mysteries of Actun Tunichil Muknal, a cave discovered by the Mayas between AD 300 and 600. Known as the Cave of the Stone Sepulcher, this historic site holds the enigmatic Crystal Maiden, a calcified skeleton with a brilliant, crystalline appearance, believed to be a 17-year-old sacrificial figure. Explore this ancient realm, where history comes alive in Belize's captivating underground chambers.
